About the textual format of the "Archaic Generic Version": The Archaic Generic Versions of these particular works are based mainly on the generic archaic style of the KJV English Bible. This particular version is intended for the purpose of giving people who are familiar with both the generic and, or archaic bible styles the ability to comprehend the other version of these works for greater understanding of the father's word including the "Literal Restored Version" (LRV), and the "Literal English Hebraic Version" (LEHV) as well as the other Non-Generic Poem Versions.

This Document is still in the middle of formatting changes, and I still have not figured out all of the details, however there may be more refinements

[THIS POEM STARTS ON THE NEXT PAGE]

All "Bible"/Scriptural Quotes that have been used in these works are "based" primarily off of the HS (HalleluYah Scriptures) Translation (I do not have any "direct" affiliation with the the HS Project) of the Old, and New Testament of which has had some restoration from the study of the Dead Sea Scrolls, and this being the main reason that I chose this version as a base for all quotes. Now before any one person reading this begin to hastily judge any of these works as being inadequate at some level, and before any person consider tossing them aside especially if you are a believer in the Most High, or otherwise. I would tell those of you people to first take the time to do a deep testing, and a thorough study analysis on them before you conform to any opposing decision, and also just as the INTRO Verse implies, upon reading these there will be a greater expectation for responsibility on the part of the reader in understanding the underlying power of the father who is **The LORD** through these works, and also in acceptance or rejection of them. What it really comes down to as far as the individual would be that which has been conformed through the determination of a person's acknowledgement by the of the intent of the heart that manifests into whatever given mind-set that may have been directed towards everything that a person does on the basis of our **LORD** the Creator's underlying control over all things, and his fully embedded purpose for all mankind as well as each person in there own right on a deeper individual level.

NOTE: I will not claim to be a perfect individual in the sense that I am on this earth as all other people are, or that I am some kind of old "Magical Prophet" with a strong forehead, long grey beard, or a staff like "Gandolf the Wizard" in fact I am just a human being like anyone else as all of the creator's servants throughout human history. If any one person reading this confirm an intentional effort in order to truly aspire, and to serve **The LORD**, or in other words to become a "willing" servant of the Most High El then none of us should consider ourselves to be any more or less than those that have come before us or who are to come in the future. All of the people that would be given a "legalistic" title of which can lead to emptiness whether you call them a "Prophet", "Saint", "Christian", "Messianic", "Servant of Yah", "A Believer of the Most High", "A Seer", and so forth meaning that everyone right down to your christian neighbor should consider themselves as an equal to all of these biblical figures as a true servant of GOD, and in general **The LORD** has designated all of mankind in being entirely equal as a whole through his overlooking eyes. All one would need to do is to conform to an impartial mindset, and that person will be set free from the mis-placing of other people whether placing them above or below ourselves of which is what people do because this really is only human nature. The main issue that I am referring to is the implimentation of "favoritism" by which can effect our level of understanding of the *Living Word* of which is the spirit of our **LORD**

[RESIST]

Please help us, O LORD my GOD, by the splendor of thy might, and of thine great kindness for we are lowly, and afflicted suffering from the oppression of the enemy! Please turn back the adversaries of my life, and of those that surround me wether they be of spirit or flesh, and appoint to each of them a holy angel stronger than they are! Send them away in pursuit, and overwhelm the wicked one two-fold so that I may be blessed in your presence, and dwell in thine holiness! Let thy spirit, O GOD, fill my entire soul with immeasurable strength in order that I am able to withstand all of the devices of the enemy. Hence forth be gone thee evil doer! “for it is written thou shalt worship The LORD thy God, and serve him only” be bound, and sent away from me! This I command in the name of Jesus. This I confirm in the prayer of my distress, and for any counter-offensive that may be sent against me because of my plea then please, O GOD who is the God of truth, overwhelm my enemies seven-fold in return! For they hath given me hatred for my love, and fighting for my peace, and did not bring reverence to thee, O LORD Most High, but rather sought my end, and the length of my destruction. Give to them what they deserve, and if any among my supplanters turn away from there wickedness if it be pleasing before thee, O my Lord GOD, please then let it be that they see the light of thy face, and give to them what belongs in righteousness. May the glory of thy brilliance shine upon us all my father, and God who is the LORD of Hosts!

NOTE: These web-links are subject to change, but unlikely to ever be changed. The ZIP archive for all written works is indefinitely subject to being **UPDATED** The written works that I provide are also subject to text formatting improvements, and also fixing any possible issues with punctuation, misspelled words of which is possible, however I would usually manage to “perfect” the actual text (except for maybe a word conjunction) in general before publishing these online, and so on.

A message to all people that are curious about there being three different versions is that the reason for this is to make so to speak a three step ladder (This one being the bottom step) in order to make it easier for people to understand the original of which I call the “Literal English Hebraic Version” (LEHV) which is the top of the ladder, and the “Literal Restored Version” (LRV) being the middle of the step ladder. The higher that you go up the ladder the more deeply that you will be able to understand the wisdom of **קִוְיָהוּי** by the Ruach ha’ Qodesh (*The Holy Spirit*), and this being said the Poems I actually do there formatting a little differently to fill in the gaps between the Prayers Versions including the MEHV (Modern English Hebraic Version) of which is the Original formatting style for the Poems.

PLEASE UNDERSTAND I PERSONALLY DO NOT RECOMMEND THIS VERSION AS A PERMANENT READ, BUT RATHER IT IS INTENDED FOR THE PURPOSE OF GIVING PEOPLE THE MEANS TO TAKE THERE FIRST STEP UP THE LADDER IN ORDER FOR THEM TO BE ABLE TO READ THE OTHER VERSIONS FOR AN EVEN GREATER UNDERSTANDING.

“In order for anyone to proceed there needs to be an intentional acknowledgment on the furrow of the brow in order that **קִוְיָהוּי** initiate a change in that person”
